

Application to Waive the Residency Requirement

Housing Policy

St. Louis College of Pharmacy requires all new undergraduate students to live on campus during their freshman, sophomore and junior years. Living on campus is a great way to get involved and experience all the College has to offer.

Here are some of the many perks of on-campus living:

- **Higher satisfaction and GPAs:** According to the American Council on Education, students who live on campus are more satisfied with their college experience and earn higher GPAs.
- **Convenience:** In less than five minutes, students can be anywhere on campus—classes, cafeteria, library, bookstore, friends' rooms, and campus offices.
- **Cost:** Everything is included when students live on campus, including electricity, internet, cable, food, and a supportive staff that will assist students at any time. Students will save money by not having to commute.
- **Connection:** Living on campus will give students an opportunity to better connect with the campus community and build relationships.
- **Support:** Living on campus offers students the emotional, social, and academic support needed to succeed. Ten trained peer resident assistants, faculty, staff, professional counselors, and administrators are available and close by.

Exemptions

We encourage students to experience life at STLCOP by living on campus. However, we realize there are occasionally extenuating circumstances where students wish to apply to waive the residency requirement. In order for the student to be exempt from the residency policy at least one of the following criteria must meet:

1. Commuting from the parent/legal guardian's permanent residence within a reasonable distance from the College
2. Financial Hardship
3. Medical Reason
4. Religious Reason
5. 21 years of age or older
6. Married, or have custodial care for dependent children
7. A veteran with at least two years of active military duty

Residents are released from this residency requirement only after receiving written approval from Toni McMurphy, Vice President of Culture and Campus Life.

Deadlines for Residency Requirement Exemption submission for the full academic year is July 1 and for the spring semester is December 1. Applications will be reviewed and final decisions will be made within 10 business days once the application is received.

Please return completed application to Toni McMurphy, Vice President of Culture and Campus Life, 4588 Parkview Place, St. Louis, MO 63110, or email a scanned copy of application to her assistant Maria Simkeviciute at Maria.Simkeviciute@stlcop.edu.

Resident students should not make other living arrangements, or enter into any purchase, lease, or rental agreement with a third party realtor or lessee, until they receive approval to waive the residency requirement.

Application to Waive the Residency Requirement

Today's Date: _____ Student ID #: _____

Full Name: _____ Cellphone #: _____

Current Age: _____ Date of Birth: _____

Email Address: _____

Class Status: [] Freshman [] Sophomore [] Junior

- Medical Reason (submit explanation/supportive documentation regarding medical condition)
- Religious Reason (submit explanation)
- 21 years of age or older
- Married, or have custodial care for dependent children
- A veteran with at least two years of active military duty

Application to Waive the Residency Requirement Parent/Guardian Release

Dear Parent/Guardian:

St. Louis College of Pharmacy requires all new undergraduate students to live on campus for two years unless certain criteria for exemption are met. One of these criteria is if the student is commuting from the permanent residence of his/her parent(s) or legal guardian.

By signing this agreement, you certify that your student will be commuting from your permanent residence, which is a reasonable distance from St. Louis College of Pharmacy. If you should relocate outside of reasonable commuting distance, your student will be required to move into on-campus housing unless he/she is exempted from the College's residency requirement by one of the other approved criteria.

Students who are found to be in a residential circumstance other than what was approved will be required to move back in with their parent or guardian, assume on-campus residency at the beginning of the next semester, or be assessed room charges each semester in the that point the student is authorized to leave campus housing base on one of the other exemption criteria.

Please return this form to Toni McMurphy, Vice President of Culture and Campus Life, by emailing a scanned copy to her assistant maria.simkeviciute@stlcop.edu, or mailing it to:

4588 Parkview Place
St. Louis, MO 63110-1088

Application to Waive the Residency Requirement

Financial Hardship

If you are requesting a waiver of the residency requirement based on financial hardship, you will need to contact the Office of Financial Aid at 314.367.8700 ext. 4001, to schedule an appointment for a financial aid evaluation. Bring the application, this financial hardship form, a letter of explanation, and supporting documentation for your claim to your appointment.

The Director of Financial Aid will complete and sign this form as part of your financial aid evaluation and will submit the application to waive the residency requirement to the appropriate committee for consideration.

St. Louis College of Pharmacy calculates the student financial aid package based on an on-campus and an off-campus budget. Therefore, a student's place of residence, either on- or off-campus, may impact the institutional award amounts and the maximum amount of financial aid eligibility cited in the original financial aid award.

(To be completed by the Director of Financial Aid)

Documents Requested:

- Letter of explanation
- Supporting documentation for dramatic change in financial circumstances

Supporting Documents Included:

Financial Aid Hardship:

- Substantiated
- Unsubstantiated
